Speeches and Parade Planned  
For Bronzed Guardsmen  
This Evening

TRAIN TO ARRIVE AT  
STATION AT 6:40

Scores of Representatives of  
Various Organizations  
To Be In Line

When Company L of the Seventh California National Guard arrives at the Southern Pacific depot from Los Angeles at 6:40 o'clock this evening, the soldiers, bronzed and hardened by their months of strenuous service on the border, will find waiting for them a royal welcome from the citizens of Santa Ana.

Representatives of various local organizations will be on hand to tender the men of Company L a rousing greeting and arrangements for the reception of the guardsmen were being completed this afternoon by the Chamber of Commerce.

**Mayor to Speak**  
An address of welcome will be delivered by Mayor Visel at the station. The mayor will introduce Attorney Clyde Bishop, who will make one of his customary strong speeches.

With the new flag, presented them by the Santa Ana Lodge of Elks, flying proudly at its head, Company L will be escorted to the Armory.

The formation of the parade, as tentatively arranged today, calls for it to be led by Colonel S. H. Finley and former Captain of Company L, J. L. McBride, both mounted. Then will follow, in the order named, representatives of the Grand Army of the Republic, Spanish War Veterans, Company L, Santa Ana Elks' Band, Daughters of Veterans, Chamber of Commerce and Merchants and Manufacturers' Association. All these will ride in automobiles, as will also as many other citizens as care to join the parade.

**Many Autos Desired**  
Secretary Metzger of the Chamber of Commerce is desirous of having as many automobiles in line as possible. It is expected that a big crowd will be at the depot to aid in giving Santa Ana's guardsmen a rousing welcome.

A banquet will be given Company L at Odd Fellows' Hall Tuesday evening, it was decided this afternoon.

EVERETT, Wash., Nov. 11.—Forty-one members of the Industrial Workers of the World charged with murder in connection with the fight here last Sunday, in which two of a posse of Everett citizens and five of the Industrial Workers were killed, were brought here and placed in the Snohomish county jail. The special interurban car which brought the prisoners from Seattle where they had been held in the city jail since the steamer on which they attempted to invade Everett returned there, made the 45 mile run with drawn blinds and armed guards stationed on the platform.

## First Woman to Be 'Congressman' Given High Praise

Jeanette Rankin Best Stump  
Speaker In Montana,  
Says Suffragist

WASHINGTON, Nov. 11.—"Jeanette is the best stump speaker in Montana. She can dance like a boarding school girl. Believe me, she will lead the men's section of Congress a merry little two-step."

This is Jessy Hardy Stubbs' estimate of Jeanette Rankin, who was elected by Montana as the first congresswoman in the United States.

Miss Stubbs is a prominent suffrage worker. Suffrage workers are happy over the Montana happening.

"She is a good fellow," Miss Stubbs today said. "She is just a normal American girl who sat beside her brothers in college and studied the same sociology and economics. She is young, attractive, quick, bright and intelligent looking and has a keen and well balanced mind. She enjoyed being heckled by the crowd and always had a comeback."

**Title Fixed**  
WASHINGTON, Nov. 11.—What will the speaker call the newly elected congresswoman? The fixed form of addressing members is: "The Gentleman from which ever state he is from," so the title that will finally be agreed on is, "The Lady from Montana."

## MAN'S SKULL IS FRACTURED AS BEET FORK STABS CHEEK

Son of Sugar Grower Is Near  
Death As Result of Accident While At Work

Struck in the face with a fork of sugar beets, Leland Penman fell over unconscious with a fracture at the base of the skull.

Today he is still unconscious. He is in a critical condition, though slightly improved since he was taken to the Santa Ana hospital.

Leland Penman, aged 23, was at work hauling beets from the lease of his father, W. W. Penman, a grower for the Santa Ana Sugar Co., about three miles from Irvine. Leland and a laborer were using forks for throwing on the wagon sugar beets gathered in piles by the toppers. Leland had just thrown up a forkful of beets and was leaning down to pick up another when he was struck on the right cheek by the upward throw of a fork of beets in the hands of his assistant. The weight of the beets, backed by the swing of the laborer, comprised a formidable force, and the blow resulted in a fracture at the base of the skull.

## HURLING OF MACKEREL AT PASTOR RECOUNTED IN DIVORCE HEARING

TRENTON, N. J., Nov. 11.—The Rev. John W. Triplett, pastor of a Presbyterian church in Woodbury, suing his wife for divorce, told his marital woes on the witness stand.

Some of the indignities described by the clergyman in court included a turpentine bath received at the hands of his wife, a chase through his home, at the conclusion of which he was stuck in the back with a pin; an assault committed with a mackerel, which knocked off his eyeglasses; a kick in the shin, which took three or four months to heal and left a permanent scar, and other like amenities in which Mrs. Triplett played the principal role.

The cause of another serious outbreak of temper on the part of Mrs. Triplett was attributed by her husband to his inability to give her \$10 which she asked one day, renewing her demands the next. It was at the breakfast table that Mr. Triplett explained his financial inability, and asked his wife for what she needed the \$10. She replied that \$6 was to purchase a hair destroyer with which she hoped to eliminate an incipient mustache which had appeared upon her upper lip. The other - was to obtain instructions from a Chicago expert in reducing weight. Mrs. Triplett at that time tipped the scales at 175 pounds, and was in a hurry to reduce.

## BULLETIN

WASHINGTON, Nov. 11.—Advised by cable from Mecca that an independent kingdom of Arabia had been established, the State Department today inquired of England, France and Turkey as to the correctness of the information.

## THINK MEXICAN IN JAIL HERE IS ESCAPED MURDERER

Officers Satisfied That Man Is  
Benigno Arellano, Who  
Shot Friend

A man believed to be Benigno Arellano, murderer, is in the county jail. He stoutly maintains that his name is Fernando Marez. If he is Arellano, he is the man wanted for the murder of Marcos Guerrero at East Talbert on the night of September 21, 1911.

The body of the dead man was found on the road the morning after the shooting with three bullet holes in it. Three Mexicans, Jesus Contreras, Abran Nebe and Bernabe, testified that they and Arellano and Guerrero lived in a tent. Late at night, Arellano came to the tent and persuaded Guerrero to get up and start with him for Talbert. A few minutes later shots and a scream were heard. Arellano disappeared. No one ever knew why the man quarreled. Arellano had been drinking.

The man who is in jail here today was arrested in the hills near Owensmouth by Deputy Sheriff Sepulveda of Los Angeles, who had been informed that the man was wanted for a murder in this county. He was brought here this morning by Under Sheriff Iman. As yet identification of the man as Arellano has not been completed.

## HIGH COAL COST LAID TO PROSPERITY BY NEW YORK DEALERS

NEW YORK, Nov. 11.—Prosperity may yet freeze New York's population to death.

Such at least, was today the explanation the coal men, laded out with each order coal—\$10 to \$12 a ton and still going up.

The mills and factories are so busy that their demands for coal is stupendous, is the unanimous averment. They have simply grabbed everything in sight and are aching to get their hands on more. Of course a demand like that pushes prices up and the prices for domestic follow. Then, too, cars are scarce, storage is at an almost prohibitive figure and wages for all workers in the coal mining and handling activities are high. That's all.

"We, the mahogany center table goes into the fire next. We can put a piece of coal in the drawing room in its place and folks will believe we are tremendously wealthy." Such may be the solution.

## GIBBONS EASILY DEFEATS DILLON

ST. PAUL, Nov. 11.—Bring on Lester Darcy, Mike Gibbons is the boy to give him a boxing lesson if any real middleweight in this country can turn the trick. The phantom reestablished himself as one of the greatest men his class has boasted by trouncing Hoosier Jack Dillon in ten rounds of earnest, interesting, scientific and, at times desperate quarreling. Mike showed Jack a face full of gloves most of the way, Dillon winning only one round—the tenth—which left the critics in doubt as to what would have been the outcome of a longer engagement.

Mike shed the only blood during the battle, a left to the mouth standing that. But any one who says they, did not fight is dippy. They both were trying. The ability of each to take a punch was all that prevented something in the way of a knockout or two, and possibly a knockout. Dillon's trick of carrying his chin low saved him some trouble, for Mike was able to hit him almost any place else.

Jack was absolutely shown up in several rounds by the great speed of his foe. Gibbons was never better. He had everything and, what is more, he was there to fight. He was the aggressor at the start and, except for a minute or two in the final, met Jack half way at every stage.

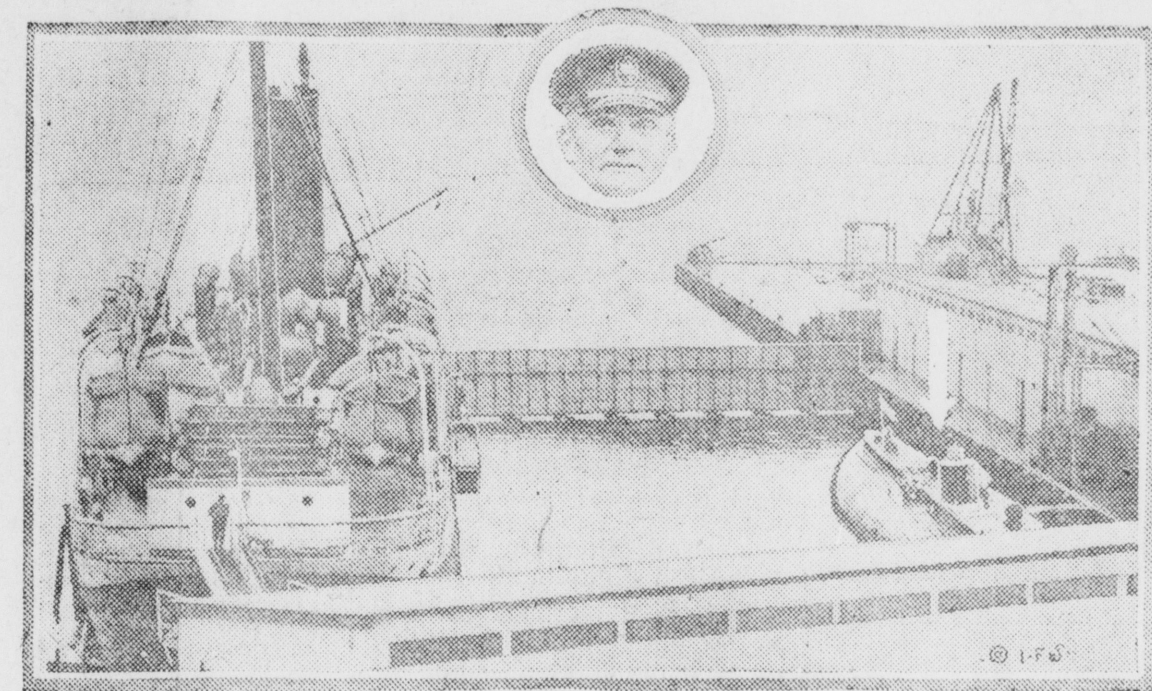

## RESTA PAYS OLD FINE

LOS ANGELES, Nov. 11.—A little tilt with Demon Speed that D. Resta, an automobile racing driver, who will contest in the coming races at Santa Monica, had about a year and a half ago, cost him \$25. In March of last year, Resta was cited to appear in court on a speeding charge. He failed to appear and left the city. A bench warrant was issued for him. Yesterday Constable Lyons found the warrant and saw Resta's name in the papers. So he telephoned for Resta to come to court. The racing driver came and Justice Sumnerfield imposed the fine. It was promptly paid.

## CATTS LEADS IN FLORIDA

TAMPA, Fla., Nov. 11.—C. C. Catts, Independent-Probationist candidate for governor, was leading V. V. Knott, Democrat, by 795 votes, according to complete unofficial returns compiled here from thirty-five out of fifty-two counties in Florida, and almost complete returns from the others. The vote was Catts, 35,815; Knott, 27,438.

THE Germans fenced in the merchant submarine Deutschland, which arrived at New London, Conn., Nov. 1 from Bremen after another remarkable voyage, as if she were made of gold. The arrow points to all of the submarine visible to the public. On one side, the state pier heavily guarded, and at the back a shed, also guarded. Outside the German steamship Willehad, which had been interned in Boston harbor, protects her and a high board wall is swung into place from the bow of the steamer to the pier. Captain Paul Koenig and his crew, now on their second successful submarine voyage to the United States, are living on the Willehad while in port.

## CERNAVODA SET AFIRE: TEUTONS FLEE FOES

ROME, Nov. 11.—Field Marshal Von Mackensen's retreat in Dobruja from positions about Cernavoda continue, a wireless from Bucharest today stated.

## Great Battle Rages

PARIS, LONDON, Nov. 11.—A great battle between the Russo-Rumanian forces and Field Marshal Von Mackensen's troops in Dobruja for the possession of the bridge crossing the Danube at Cernavoda continues.

The Russians today are reported in strong force about Cernavoda. It is reported that they are rushing up for a final smash.

## CONGRATULATION WIRE OF HUGHES AWAITING OFFICIAL VOTE COUNT

NEW YORK, Nov. 11.—Charles E. Hughes will let his telegram of congratulations to President Wilson await the official count of votes in California, New Mexico, North Dakota, New Hampshire and possibly two more states.

If the official count confirms the Wilson victory apparent now, it is the Republican nominee's wish that there be no recount. The reason that the Republicans are still unwilling to admit defeat is that in the five states whose vote still is incomplete, a chance of a thousand votes might mean a shift in the tide of victory from Wilson to Hughes.

Errors involving several thousand votes have frequently been discovered in recounts.

## BEN BROWN GOING TO LEGISLATURE WITH ASSEMBLYMAN

Ben Brown of 621 Wellington avenue has been selected by Assemblyman J. C. Burke as Burke's appointee as an attaché of the legislature, which convenes in January. Brown will hold a clerkship. Brown is an expert bookkeeper.

SPOKANE, Wash., Nov. 11.—That infantile paralysis is caused by the fungus growths on raw fruits and vegetables, either eaten by a child or communicated to an infant nursing from a mother who has previously eaten such raw foods was told to the Spokane County Medical Society by Dr. Earl Current. He described the experiment that he had conducted since last June

## PRETTY GIRLS TAKE PLACE OF BELLBOYS AT CLEVELAND HOTEL

CLEVELAND, O., Nov. 11.—"Front," says the clerk at the hotel desk and instead of the customary bell-buttoned boy there comes a "knockmeup" blond or a dashing brunette to take your luggage and pilot you to your room.

"Bell girls" are more attentive than bellboys says the originator of the idea. That is the reason they have been installed in the Hotel Statler here.

Women guests find the "bell girls" almost as useful as a maid, the management states. The "hook-me-up" problem is now easily solved.

None of the drummers has complained.

## 43,000 AGAINST AMENDMENT 2, CLAIM 'WETS'

SAN FRANCISCO, Nov. 11.—The California Dry Federation this afternoon conceded the defeat of Amendment No. 2.

SAN FRANCISCO, Nov. 11.—Amendment No. 2, providing for partial prohibition, was defeated by 43,000 votes, according to the United California Industries, today, although the Dry Federation insists that the complete Los Angeles returns will show that the measure carried.

## G. O. P. CHAIRMAN WILLCOX STILL WAITING FOR FINAL COUNT OF BALLOTS

Republican Leader Still Is  
Standing Pat; Yields  
Nothing to Foes

PLACES CONFIDENCE  
IN RE-COUNT RESULT

Hughes' Minnesota Lead Cut  
Down to 239 On Tally  
This Afternoon

A telegram has been sent by Walter Eden and S. M. Reinhaus, chairman and secretary of the Orange County Republican Central Committee, to the Republican National Committee at Chicago urging that immediate steps be taken to have a recount of votes in San Francisco. The telegram from here was sent at the request of a representative of the Los Angeles committee, who stated that similar action would be taken in Los Angeles.

NEW YORK, Nov. 11.—Republican Chairman Willcox still stood pat today on his statement of yesterday, yielding nothing to the Democrats.

"We are getting a number of charges and suggestions," he said. "These come in the form of letters and telegrams and most of them are anonymous. We followed the plan of turning them over to the state chairman for investigation. The National Committee itself is making no investigation. We are waiting for final returns."

Willcox pointed with particular emphasis to the possibility of mistakes in the count, rather than laying stress on fraud charges. Besides he pointed to the fact that four years ago the Democrats claimed California by 3050, where, as the official returns showed, there was a split vote there.

The chairman will hold a conference with Hughes late this afternoon. The nominee took a long auto ride during the morning.

## HUGHES' MINNESOTA LEAD IS CUT TO 239

ST. PAUL, Nov. 11.—Hughes this afternoon was leading Wilson by only 239 as the result of a recount.

## HUGHES SHOWS NO OUTWARD DISAPPOINTMENT

NEW YORK, Nov. 11.—At least outwardly Charles Evans Hughes is not showing signs of disappointment over indications that he has lost out in the biggest job in America.

The man who said just two days before election, "If I am elected, as I expect to be," and said it with conviction and in a ringing voice, was just as imperturbably unconcerned today as when six months ago he sat on the bench of the supreme court of the United States.

There was no doubt that Hughes was greatly moved Wednesday when, after having gone to bed Tuesday night convinced that he had been elected he was awakened to find his opponent chosen, but today he gave no sign of discomposure or disappointment.

No one has been a greater factor in maintaining the smooth balance of the Hughes campaign than Mrs. Hughes, who was her husband's advisor, comforter and constant companion during all the hard work of his campaign.

One thing, Hughes told his friends, that warmed his heart greatly was the handsome majority which his own home state, New York, accorded him.

Neither Hughes nor his personal staff have conceded President Wilson's re-election. They are waiting for the official count.

**"FIRES OF CONSCIENCE"**  
FEATURES WM. FARNUM

Two fights, one against himself, the other against those who are breaking the laws of mankind, give William Farnum opportunity to display his remarkable histrionic ability in William Fox's new photoplay, "Fires of Conscience." Farnum takes the part of George Baxter, a man of impulse, who has fled to the West after killing the man who had ruined the happiness of his home.

In Arizona, Baxter meets Nell Blythe (Nell Shipman), a good woman, who makes her living by singing in the dance halls and saloons. She realizes that some influence is spoiling the life of the big man she loves, and she begs him to go back East and face justice. He goes.

In his native city, he is tried before a judge (William Burress) who is father of the man he had killed. But the judge knows that his son's death was deserved, and instructs the jury to bring a verdict of "Not guilty."

"This," he says, "is a case of unwritten law."

Freed from the shadow that has cast its gloom over his life, George Baxter returns to the West, and finds Nell waiting for him.

The picture will be shown at Clune's Monday and Tuesday.

**JUDGE M'CORMICK  
STERNLY EYES JOE  
BURKE, MISTAKEN**

Yesterday a continuance to December 1 was ordered by Judge McCormick in Los Angeles in the action brought by W. P. Story against J. J. Egan of Los Angeles and Assemblyman J. C. Burke.

When Burke was city clerk of Santa Ana Egan put in a bid for Story, and accompanied it with a certified check for \$500. Burke returned the check to Egan, after Story's bid was turned down.

Story says Egan never returned it to him, and Story has sued Egan, and he included Burke as a defendant because Burke gave the check to Egan, Story's representative.

Concerning the appearance in Los Angeles yesterday the Los Angeles Tribune today has the following:

"Fixing his eyes upon Joseph Burke, the recently elected assemblyman from Orange county, Superior Judge Paul J. McCormick yesterday announced for the third time, and a trifle sternly that he would like to have the defendant, J. J. Egan, step forward."

"Egan was accused of having embezzled a small sum of money from W. P. Story and through his attorney, William T. Hanlon, sought a continuance until December 1."

"Hanlon had been moving uneasily while the court was trying Burke. At the third summons, Hanlon coughed and a bit nervously said:

"Beg pardon, your honor, Egan, the defendant, is standing on the other side of the room."

"Later it was learned that because Burke conferred with Hanlon before the trial the court took Burke for Hanlon's client."

Last week simply showed the beginning of the outbreak and the refugees fleeing Naples while the ashes fell heavy, but this week will be a sight never to be forgotten and never to be seen again. This extraordinary picture will be offered on the same program with "Anton, the Terrible."

**"ANTON, THE TERRIBLE"**  
Theodore Roberts and Anita King in the Jesse L. Lasky production of "Anton, the Terrible," written by Jules Eckart Goodman from the Saturday Evening Post story by Thomas H. Uzzell, and prepared for the screen by Marian Fairfax and Charles Sarver, will be the attraction at the West

Theodore Roberts

End Theatre on Tuesday, Wednesday of next week.

This gripping story of political intrigue in connection with the recent great European war was the cause of a great deal of comment when it appeared in the Saturday Evening Post. In preparing the story for the screen, Jules Eckart Goodman, the noted dramatist, has written an even more vivid story. In the masterly hands of America's greatest character actor, and the beautiful Miss King as the fair victim of his conspiracies, the photo is bound to be of more than usual interest.

**"DEVIL AT HIS ELBOW"**  
IS METRO ATTRACTION

"The Devil at His Elbow," a five-part Metro play, in which Clifford Bruce and Dorothy Green are starred, is the next feature attraction at Clune's Theatre tomorrow.

In this feature, which was produced by the Popular Plays and Players, Mr. Bruce has the role of a mechanical engineer, who has a contract with the government to complete plans for a new type of submarine. He falls, when he indulges in heavy drink, in order to get out his plans on time. Miss Green plays the part of a girl of the street. How both are instrumental in reclaiming the other, and the unusual twist in the finale, makes one of the most dramatic stories of its kind ever shown on the screen. There is a strong supporting cast, which includes Edward Martindel, Mary Sandway, J. K. Roberts, Adolph Menjou, Frank McDonald and others. Burton King directed the production of "The Devil at His Elbow," and Harry Revier supervised its direction.

This chapter is so good that patrons will simply idolize this darling little woman. Bewitching Billie Burke is shown in magnificent gowns, amid new surroundings, entangled in more unusual adventures. Gloria's Romance is unfolding like a fairy tale. Mystery, love and hate begin to make their presence felt. The story grows more absorbingly interesting with each new character. The production is elaborate, the acting superb. You can't afford to miss it. See chapter three, with a full synopsis of what has gone before.

## MR. KETTNER'S THANKS AND APPRECIATION

Congressman Kettner has issued the following statement to the voters of the Eleventh District:

"In my letter of thanks for the great encouragement that I received at the hands of the people in the primaries, I then made the statement that should the nomination result in my election, I would continue to give to this district the same businesslike administration, same attention and service as heretofore.

"Having once again received your splendid endorsement I wish to express my sincere thanks to you and the press and again assure you that I will give my undivided attention to all matters pertaining to California in general and to my district in particular. In this manner I hope to merit your continuous approval. It has been a grand victory, and I want to thank those again who worked so admirably in my behalf.

"I trust that my work will demonstrate how much I appreciate your confidence. I take this method of thanking you, as it would be impossible to thank my many friends personally.

"Faithfully yours,  
WILLIAM KETTNER."

## NAME NEWPORT HARBOR BOARD AS AIDES TO CITY CHIEFS

Beach Officials Pass Resolution to Sell Jetty Bonds At Private Sale

NEWPORT BEACH, Nov. 11.—Choosing from a list of about fifteen of the prominent men of this section who have always been boosters for Newport harbor, the Board of Trustees has named the five members who will constitute the commissioners of Newport harbor, and who will act as an advisory board in conjunction with the City Trustees on all matters pertaining to the development of Newport Beach's greatest asset. The five men named were I. Polhamous of Balboa, John McMillan of Newport, Christopher Gordon of Los Angeles, H. T. Rutherford of Santa Ana and J. A. Ricker of East Newport.

Regular monthly reports in regard to their branch of the city work done by officials were read by the clerk and accepted and filed by the board.

**Leeds Urges River Dam**  
A communication was received from Charles T. Leeds, the engineer, who will undoubtedly have charge of the work of building the jetty, who asked that immediate action be taken by the board to build some sort of a dam where the Santa Ana river empties into the bay, near the Melrose cottage, so that the silt which has been brought down with every high water would not be deposited in the bay. No action was taken on the matter.

A petition was presented to the board, signed by ninety-six to the district involved, asking the trustees to begin proceedings for the construction of a bulkhead from the pier at Balboa southeasterly to the end of the sub-division. Eighty-six of the property owners in the district had not signed the petition. The petition stated that the signers wanted the bulkhead built on the Harding plan. The matter was referred to the board as a committee of the whole for further action.

**Bonds at Private Sale**

Upon motion by Trustee H. A. Robinson, the board passed a resolution to sell 208 of the jetty bond issue, amounting to \$101,562.58, at private sale, instead of advertising for bids in the usual way. The state law allows this to be done, providing that the bonds are not sold at less than par and accrued interest. This action was taken, as the board considered that this would be the quickest way to get things actually started on the jetty work. A communication was received from Edwin McWilliams of Santa Ana, representing a bond buying firm, who stated that his company was in a position to bid on a part of the bonds under certain conditions and stipulations. The clerk was instructed to write, giving him the necessary data and financial statement of the city's condition.

**Fix Leeds' Appointment**  
The clerk was instructed to notify the harbor commission to meet and organize, and that a meeting would be held in the city hall to settle the appointment of Capt. Charles T. Leeds as civil engineer on the jetty work.

C. L. Lancaster asked the board if some steps could not be taken to complete the road running through West Newport to the westerly limits of the city. He said if a road could be provided so that people could get to their property in the Redlands Colony tract, he knew of more than twenty who were contemplating the building of houses upon their lots both in the Redlands tract and the Sea Shore Colony tract. Action on the matter was deferred until the plans for the coast boulevard from Huntington Beach to Newport Beach were completed and the question of the right-of-way decided.

## PURSE WAS STOLEN; DRAFT RECOVERED, BUT \$45 MISSING

Some of the details of a theft that may have occurred in Santa Ana have been received by the Register in a letter from the Moody County Bank of Flanagan, S. D.

About a month ago a carrier of the Santa Ana post office opened the mail box at the corner of Fifth and Sycamore, and among the letters he found a purse. The purse was empty excepting for a \$27 draft made out to E. O. Hoover, a name that was unknown to the local post office clerks.

The purse and draft were turned over to the Register, and a letter was written to the South Dakota bank. The letter states that the draft was issued to E. O. Hoover, an old resident of Flanagan, who last month left for the Soldier's Home at Sawtelle, where he is to spend the rest of his days. The purse containing \$45 and the draft were stolen from Hoover. Hoover gave notice to the South Dakota bank to stop payment. The letter to the Register states that Hoover is in extremely poor circumstances.

It is not known here whether the old soldier was robbed in Santa Ana or elsewhere. The thief kept the money and decided to return the draft to the owner by dropping the purse in a letter box.

## RANEY RUNS AND KICKS FOR POLY ROUT PHOENIX IN HOT FRAY

Field Goal By Santa Ana Ends Gives Team Lead Foe Cannot Overcome

PHOENIX, Ariz., Nov. 11.—Yesterday afternoon at the fair grounds the boys from Santa Ana proved too much for the local high school team, which went down with a score of 9 to 7 after one of the most snappy games ever known in Arizona. At no time was the Phoenix team quite up to the visitors who use sharp open plays against which a stubborn defense proved of little effect. All the scoring for the visitors was done by Raney, who showed all-around ability in kicking and running. His field goal from the 16-yard line early in the second quarter, gave his team a lead that never was overcome.

Possibly the highlight feature of the game was a forward pass from Trago to Raney, winning a 52-yard gain and touchdown, Raney outsparring a half dozen pursuers in a sensational dash. The day was a warm one, by California standards, and the visitors suffered from the heat and from the fine dust of the field. Yet they went through without putting in a single substitute.

All hospitality was shown locally. In the evening after an automobile excursion that went many miles the visitors were entertained at a moonlight picnic in Hieroglyphic Canyon south of Phoenix.

The line-ups follow:  
Phoenix: Mansfield, R.E.; Duncan, R.T.; Coraker, R.G.; Sutter, C.; Caldwell, L.G.; Gonall, L.E.; Lyoxall, L.E.; Luke (C.), Q.; Pinney, R.H.; Wilkey, F.; Westfall, L.H.  
Santa Ana: Raney, Stewart (C.); Callahan, Cole; Marsile, Best; Hill, Winans; Trago, Morrison; Paul, Luke for Phoenix.  
Goal from touchdown: Wilkey.  
Field goal: Raney.  
Seven substitutions in the Phoenix line: Time of quarters: 12½, 15, 15, 12½.

Score by quarters: First, Santa Ana, 0; Phoenix, 0. Second, Santa Ana, 9; Phoenix, 0. Third, Santa Ana, 9; Phoenix, 7. Fourth, Santa Ana, 9; Phoenix, 7.  
Referee, Bordman; umpire, Gardner; head linesman, Abbott.

Coach Walter A. Hall, and "Shorty" Smith were enabled to go to Phoenix, Ariz., with their team by the thoughtfulness of some of the merchants of the city, and of the members of the J. O. P. Club of the high school.

The merchants made it possible for Coach Hall to go, while the club sent Assistant Coach Smith.  
The money for Smith was raised by a "jamboree" which was held at the Intermediate school last evening. The participants were dressed as rubes, one of the best being the impersonation of Charlie Chaplin.

After showing off their costumes in the lower hall, the merry-makers went upstairs and enjoyed a fine program. The first part of the program represented a scene in a Chinese restaurant. The diner swallowed a mouse, and had to be operated upon to remove it. The next part was a little scene entitled, "California Dry."

Mike Carrillo, accompanied by Guy Wicks, gave two splendid violin solos and "Mrs. Liza Johnson" gave a short sketch of darkey dialect. Tom Robertson announced the result of the Phoenix game, which was 9 to 7 in favor of the Poly Braves.

The "rubes" then went downstairs and enjoyed many pleasant games. The scream of these games was the contest of pushing a penny over a certified course with one's nose. Another was a contest between Guy Wicks and Don Smith to see which could suck the most milk out of a bottle in a given time.

The guests were served with delicious

## DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels

—Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

## ENFORCING ELECTION LAWS

The electoral system in this country has improved during recent years. Bribery has been greatly reduced. Repeating and other forms of fraud are comparatively uncommon. But efforts to limit the expenditure of money in campaigns have not been effective to the present time. Publicity of campaign contributions has been secured to some extent. But apparently these laws are largely evaded.

This is a matter where public sentiment controls political practice. If it comes to be generally regarded as unfair and disgraceful to spend big amounts of money on elections, it will be much easier to put an end to such practices.

The American people take such abuses tolerantly. They curse the politicians, but fail to back up measures by which the latter can be held in check. Meanwhile the politicians are not particularly anxious to pursue members of the opposition party for violations of law. In a certain way they play in with their opponents. They are too frequently vulnerable themselves.

Clean, fair elections are a fundamental of a republican form of government. A violation of the election statutes is far more harmful and dangerous than highway robbery. It undermines public confidence in our government, and opens the door to all kinds of fraud. It makes our most vital institutions purchasable, and honeycombs our public services with graft and inefficiency.

Wherefore public sentiment should demand the most rigid suppression of every form of election fraud. Violations of the laws relating to campaign contributions should be energetically prosecuted.

## WE NEED TO SAVE

The average total family income, including women and children, is between \$700 and \$800 a year in the United States, according to statistics given out by the American Society for Thrift. Between 1900 and 1914 the average increase in the retail prices of food was about 60 per cent, while wages increased a little less than 30 per cent. No matter what may be the cause of this condition the moral is plain: "The average American of the future must be thrifty."

Our population is increasing at the rate of 4435 a day. Statisticians estimate that within a few years this increase will reach 10,000 a day. There will then be even greater cause for thrift.

A movement is on foot in the National Education Association, the official organization of school teachers of America, for devising plans of teaching thrift in our schools. This means beginning at the foundation, points out the American Society for Thrift, and the results on the happiness, prosperity, and security of the future American will be beyond comprehension.

If each worker began now to save a dime a day the aggregate accumulation would reach \$1,465,750,976 a year, or if each saved a dime a week the total would be \$208,819,317. The saving of a dime a month by each worker would amount to \$1,189,093, and only a dime a year would mean \$4,015,750. American Society for Thrift statistics show that 95 per cent of men are dependent upon their daily earnings, or on others, for support at the age of 60, and that not one man in 20 who retires with a competency is able to retain that competency to the close of life. These are things for the patriotic American to think about. This is a nation of manifest destiny, but there are evil days ahead unless our people begin at once the practice of thrift.

## UNESCAPABLE BURDEN

Farm Life, we believe, is the first of the national farm monthlies to yield to the demand of the time and increase its subscription price. The announcement is made in the November number, and the new rate becomes effective February 1st—the increase being from 25 to 50 cents a year. The paper frankly explains to its readers that paper and ink have just about doubled in value, and says: "The inescapable burden of this increased manufacturing cost must be borne by somebody. It would be as hard for us to continue publishing a twenty-five cent paper at present prices of material as it would be for you to feed dollar corn to five-cent hogs. We have already raised our advertising rates. But we cannot ask the advertiser to bear the entire burden. The subscriber must pay more. We believe

the fair minded readers of Farm Life will be willing to pay more."

## NEW ORANGE CROP

Citrus growers generally throughout most districts of the state seem to agree that the prospect for the new crop is one of the best in many years. Not only has the new crop of oranges made a splendid development as to size, but the volume of the crop is very apparent. Groves in many districts which gave less than 3000 boxes to ten acres promise as high as 7000 to 8000 boxes on some of these same groves this season, barring unfavorable weather between now and harvest time. If anything like the net general average of prices of last season prevails, then it follows that the growers of citrus fruits seem in line for more prosperity such as they have enjoyed the past season.—Fruit World.

## With Malice Toward None

By Henry James

**Sex Loyalty**  
Some women recently crossed the continent to tell the women of the opposite coast about the duty of practicing sex loyalty.

Possibly my comprehension fails to catch the idea, a free translation of which is that none but women shall be on guard, and that if a male shows his head the same is to be whacked, on the theory that it is solid bone, anyhow.

Isn't this rather a poor return to make for love and devotion? Now if the ladies, delightful as they have been in the past, are to curl themselves up in porcupine fashion, quills sharpened and protruding, they are not going to gain much, it seems to me, and assuming an air of hostility, they might accidentally prick each other some time, which would be rather sad.

If men were to band on the theory of sex loyalty, there would not be the slightest hesitancy in calling them a lot of chumps. To be loyal to one sex and not to the other would be an anomalous proceeding, approximating the impossible.

## As It Is

The birthdays come apace. They seem to run a race. The seasons fly, so you and I. Scarcely may we see them hurry by. So brief appears the space.

And then the work is done. The sorrow and the fun; The task we tried is laid aside. And people say, "And so he died?" But do they care? Not one.

## The Movie Actor

He died a thousand deaths, Was burned, was hanged, was drowned. The people held their breaths. Too awed to make a sound. And yet were conscious after all. That he would "come around." And he in the neighborhood of the cashier's office next payday without a scar.

## A Neighbor

My neighbor has gone away. Of such type was he that he might have been your neighbor, too. He had known that he was going, and that for the journey he would need neither scrip nor staff. No fear was in his heart, nor any guile, for he was brave, as well as good.

To the last he liked to ply the tools of his trade, working in wood, bringing from plain timber forms of beauty. He took pride in this work (it stands unfinished, pathetic) and as he worked he would talk, though scant of breath. He told those about him not to worry that he was going, for his pain was great and peace was the goal, and no one's beset the way.

To his mind the parting would be for but a short time, an inconsequential time, and after the welcome of re-meeting there would be all eternity. The summons came quickly, bringing no pain, and he fell asleep, the worn body laid aside, but not the soul. Waking—here faith lacks nothing—waking, I doubt not, it was to happiness, grateful for have happiness and the rest he had craved.

Good-bye, neighbor.

**Dubious**

They are an enterprising race. But still they haven't proved their case. It may be one who grabs for loot. Will get the other fellow's boot; Sometimes the beans must spill.

## Our President

Orange News: Victory in the national election, which for two days has been on the knees of the gods, has been transferred, apparently, to the knees of Mr. Wilson. Loyally and patriotically, we salute the next President of the United States!

We may disagree and probably shall with some of the policies which he will champion during the coming four years, domestic and foreign policies will continue to afford ground for differences of opinion among a self-governing people, unrestricted in thought and action. It would be unfortunate for any nation to be without differences, for unopposed, any party hurries rapidly into excess. Closely balanced party strength is the best assurance of careful administration.

Whatever issues may divide the nation into hostile political camps, these differences dissolve at the border land of America. Before the world, there is no rift in American unity. We have settled the matter of our governmental management for the next four years, and as stockholders in the concern, it is to our interest to stand behind the management.

That is where ninety-nine per cent of Americans stand today. We are loyal to the President of the United States because we are loyal to the principles of free government, which is based upon the will of the majority.

We have our differences and always will; but we submerge them in the service of free government to the end that America may stand before the world, "like a cloud by day and a pillar of fire by night," the beacon of human liberty. That is the genius, the surpassing genius of the American people.

**Everybody Is For Wilson Today**  
Huntington Beach News: The voters of the country have decreed that Woodrow Wilson shall remain in charge of the government for another term of four years. Therefore, every loyal citizen is a supporter of the President today, and every other day of the next four years, so long as he represents the interests of the citizens of the great empire over which he has been selected to reign.

President Wilson has been opposed by a strong minority of the voters of the country, including the editor of the News, but a majority of the electors have approved his administration, and as this is a country where the majority rules, the questions at issue have been disposed of by the highest tribunal in the land, and Woodrow Wilson is the winner, and our hat is off to him.

## Strange Incidents

Orange Star: The election developed some strange political incidents. In fact there was a series of surprises in every community.

Riverside city, which has always been a prohibition town, gave a majority against the dry amendments, while several precincts in Anaheim went dry by a small vote. Similar incidents were numerous throughout the state.

The wives of soldiers voted for Wilson because they believed he has kept us out of war, while the soldiers on the border and elsewhere voted for the President largely because he sent them in pursuit of Villa and took charge at Vera Cruz. The mothers voted for Wilson because they believed he has freed the children in the enactment of the child labor law.

Woman suffrage cut a big figure in more ways than one in this election. It has been given out from various sections that woman suffrage was largely instrumental in defeating the prohibition amendments. We do not believe this is true for we have greater faith in the womanhood of this country than to believe such is the case. If the open saloon and cafe had been the issue alone, it would have carried, but when the grape industry was mixed up with the propositions the voters who would otherwise have voted for prohibition, voted against it with the result that both amendments are lost.

Kettner was elected to Congress because the dry vote was split up between Harbison and Edwards. In this respect history has repeated itself too often.

## United We Stand

Anaheim Herald: One reassuring feature of American politics is the readiness with which the American people lay aside their party feeling on the day after election and rally to the support of the man who wins.

This is a government by majorities, or, sometimes, by pluralities. Every man who maintains citizenship under the American constitution expressly agrees that although he will still maintain and assert his own individual opinions upon public questions, yet, when a ballot has been taken and the will of the majority has been determined, he and all those who agree with him will submit, if they are on the losing side. We have had but one illustration of the failure of the minority to submit to the will of the majority. It took four years of civil war to settle once and for all the principle that when an election has been held, the will of the majority shall be absolutely permitted to prevail.

Mrs. O. M. Robbins, who has been hostess at two of the most enjoyable affairs of the week, entertaining on Thursday and on Friday afternoons at her home on Lacy street.

A tempting array of good things to eat was served at the small tables at the close of the games, yellow appearing most attractively in the nut baskets as well as in the cakes and ices.

## SUCCESSFUL CONCERT

Epworth League First Methodist Church Gave Artistic Treat to Big Crowd

The First Methodist church was crowded last night with an appreciative audience, which filled the auditorium, balcony and Sunday school rooms, the occasion being a musical and literary entertainment under the auspices of the Epworth League of the church.

The program was opened with an orchestral number by Haynes' orchestra, which played at intervals during the evening and greatly enhanced the pleasure of its hearers.

Miss Gertrude Willey, the whistling soloist, more than fulfilled the promises made for her and Miss Lillian Breed found ready and hearty applause for each of her numbers.

Madame Manuela Budrow, who is making an enviable record for herself since coming to Santa Ana and Los Angeles, was heard to great advantage in the heavy numbers she selected, her rich contralto voice being greatly enjoyed.

The affair was a success both artistically and financially.

## Losing Side Treats Winners

Brotherhood No. 1 of the Congregationalist Sunday school, consisting of twenty-six members, with Charles Etchison and Eric Simon as captains were divided into two divisions, with W. W. Simon as teacher, and held a contest during the months of September and October to see which side could get the most points on punctuality, attendance, order, studying of lessons, and class recitation. It was a close race, both sides doing well, but the side with Charles Etchison as captain won out.

The losers were to treat the winners, so last night a 6 o'clock weinle bake was given by the losing side, which was held on the banks of Santiago Creek near the bridge on North Main street.

The following Boy Scouts were present: Horace Strong, William Elwing, Miles Crookshank, Douglas Keech, Joseph Smith, Harold Kellogg, Frank Kellogg, Franklin Nickey, Newell Stevens, Wilbur Pipp, Wayne Clark, Ross Clark, Charles Etchison, Raymond Alderman, Donald Caul, Gerald Thacker and Eric Simon; also Rev. Schrock and W. W. Simon.

The boys enjoyed the evening playing "ditch," "tag," "dare base" and other games. To keep the excitement up and amusement going, Joe Smith slid down the bank and rolled into the gravel pit which was filled with water and was soaked from head to foot.

A marshmallow treat was given by Mr. Simon, and after roasting the marshmallows the boys adjourned to their respective homes.

## FOR THE ORPHANS

Opera House Scene Delightful Program, Auspices of Torosa Rebekah Lodge

The extravaganza, "In the Palace of the Queen," given last night at the grand, merited a crowded house and it was probably due to other attractions that a capacity crowd was not present.

The affair was given by Torosa Rebekah Lodge, under the direction of Madame Vesta Dodge Hartzell and the funds are to go to the Rebekah Orphans' Home.

After an overture by the orchestra, the curtain went up on a Spanish court scene in the fifteenth century, the costumes being very handsome and appropriate. The following were the grandees about Queen Isabella, Mrs. Charles E. Smith, and King Ferdinand, B. Uttley; ladies in waiting, Misses W. Q. Pipp, George W. Ford and B. Uttley; gentlemen in waiting, G. H. Scott, M. C. Cooper and S. M. Dungan.

Pretty Miss Christine Watson made a charming little jester and the winsome pages were Veda Mitchell and Juanita James.

Miss Frances Baker gave a delightful Spanish dance, Miss Helen Sylvestre, the court singer, pleased their majesties, the court and all her hearers with her clear young voice and Mrs. Russell Coleman won laurels as the gypsy prince.

A whistling sextet of pretty girls in white bloomer costumes, made a hit and was composed of Misses Ruth Turner, Mildred Joyce, Lois Sweet, Vera Thompson, Gladys Prevost and Hazel Hamilton.

Miss Gwendolyn Hoyle with her magnificent golden hair and swirling blue robes, gave a beautiful serpentine dance and Miss Leila Rittner pleased with vocal numbers. A vocal quartet, composed of Miss Larue Pipp, Misses Estelle Ludwig, George Post and Emma Chapman, won hearty applause with their well-loved "Swanee River" and "Juanita."

A bevy of Grecian maids with filmy scarfs gave a dance, concluding with a vocal number in company with Warren Fletcher as soloist. This was one of the prettiest features of the evening. The Greek girls were Misses Blossom Ward, Luella Neff, Florence Neff, Mildred Murphy, Margaret Lyon, Virginia Metzger, Hazel Pente, Frances Baker, Virginia Bell, Mabel Trindle.

Probably the feature of the evening was the wonderful violin work of Miss Glennagene Hill, who with accuracy and expression rendered the sextet from "Lucia" and responded to a stirring encore with a pretty rendition of "A Perfect Day." The charming little maiden has played a violin ever since she was old enough to handle the bow and shows a rare talent even in one so young.

Miss Waive Kingrey danced the Scotch sword dance with the ease and grace of a professional and closed the first part of the program.

Well drilled Amazon girls, led by Misses Mildred Smith and Loraine Roberts, were thoroughly enjoyed in their pretty drill and the favorite little lady, Miss Cecile Fross, was happy in her two vocal numbers.

One of the most enjoyed numbers was the Indian specialty, in which Mrs. Irene Mitchell was the princess, Donald Stevenson, the tall chief and Elizabeth Roehm and Robert Chapman, the darling little papooses, who did their war dance to the hearty hand clapping of the audience.

L. B. Babbitt pleased with two vocal numbers and Miss Virgil Potts was heard to advantage in her readings, being followed by the introduction of Miss California, represented by Miss Mildred Joyce and accompanied by her winsome Teddy Bear girls, who accompanied her in the singing of "I Love You, California."

Maurice Phillips delighted his hearers with a vocal number and the audience was bidden good night by the stately Goddess of Night, Mrs. Margaret Caldwell Gehrett, who beautifully sang "Goodnight, Beloved."

Credit should be given Miss Blanche Hill, the accompanist, who contributed greatly to the success of the program, which was rendered from start to finish without a hitch.

W. R. C. Tea

The W. R. C. tea, held at G. A. R. hall yesterday afternoon was very successful and pleasant. The program was in charge of Mrs. Clara Wedg-

# Tustin Budget

Edited by Miss Florence Stone

## BUILD \$16,000 LEMON HOUSE

### San Joaquin Fruit Co. to Take Care of Product of Big Acreage

In order to handle the entire crop of 400 acres of lemons on the San Joaquin Fruit ranch, a new \$16,000 lemon packing house will be begun within the next two weeks.

The big San Joaquin Fruit ranch crop of lemons supplied a third of the total handled by the Tustin Lemon Association this year, causing a crowded condition and the erection of a new packing house was decided upon.

A modern orange packing house was built six months ago at Frances Station on the Santa Fe spur to the fruit ranch and the new lemon house will be built there also. The house will be 100 by 120 to 150 feet and will be large enough to handle the constantly increasing crop of the ranch for three years. The plant will be modern in every particular and is expected to be completed by the first of February.

In order to facilitate its extensive cultivation work, the company has just purchased a Holt caterpillar engine at a cost of \$3250, and it has already been installed.

### TUSTIN CHAMBER TO MEET ON WEDNESDAY

A meeting of the Tustin Chamber of Commerce will be held next Wednesday night in the school auditorium. Matters of interest to the whole community will come before the meeting and everybody is urged to attend.

**NEW ENGLAND SUPPER**

The Home and Foreign Missionary Society of the Advent Christian church will have a sale of Christmas articles in connection with a New England supper on next Friday night, November 17, at the school house. Supper will begin to be served at 5 o'clock in the evening. There will be a display of both useful and fancy articles for sale.

An all-day meeting of the missionary society will be held next Tuesday at the home of Mrs. W. L. Shatto. All the members are urged to be on hand at this meeting at 10 o'clock Tuesday morning. Preparations for the supper and sale will be completed at that meeting.

**TUSTIN LITERATURE SECTION**

The regular meeting of the Tustin Literature Section was held Tuesday afternoon at the home of Mrs. W. L. Leiby. The subject for study was "Germany."

There are twelve members of the section and each have a different topic on the country chosen as the subject for the meeting. The divisions are: Literature, Dress, Food, Drinks, Emblem, Civilization, Education, Government, Natural History, Music, Poets and Noted People.

All the members were present at the meeting, each with something on the topic assigned and the afternoon's study was a very interesting one.

Near the close of a short social hour, the hostess seated her guests at the table in the pretty dining room and a dainty luncheon was served.

### Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

**WINTER FIRES**

You're starting up your fires these chilly mornings. Your chimneys may not be in first class shape. Better insure against possible loss.

### TUSTIN PERSONALS

#### PROGRESS TOWARD THE IDEAL

The Great Teacher said of old, "Let the little children come unto me, and do not hinder them, for it is the childlike that the Kingdom of Heaven belongs to."

When the new ideal society of which he spoke is at last established, the child will be in the midst, and be of all citizens the most honored. The world's noblest souls will be the teachers of the child; learned specialists will give instruction as to the value of parental influences, so that a clean, healthy parenthood may be the boon of every child.

Psychologists will give popular lectures on the power of suggestion and environment upon young life; and on the moral and spiritual value of the adolescent period. Religious teachers will seek for the fullest development of the soul life. The state as the good over-father of all will seek not merely to punish the wayward, but to bring all into the highest citizenship.

The greatest study of man is not man full grown, but man in the making. It is easier to form than to reform; easier to start a tree right than to straighten it when full grown. It is more economical to train up a child in the right way than to punish and reform him as a delinquent when full grown. The world is yet far from the ideal. Birth, environment, instruction are oftentimes all bad. Yet despite all drawbacks, child workers report great progress.—Dana W. Bartlett.

**PARENT-TEACHER MEETING**

The Tustin Parent-Teacher Association held its regular monthly meeting Friday afternoon in the school auditorium.

The meeting opened with the president, Mrs. D. D. Field, in the chair.

After the secretary's report two pretty songs by the girls of the Fourth grade were much enjoyed. This was followed by a piano solo by Miss Gertrude Utt.

Prof. Vandervere of Anaheim was then introduced and gave an interesting address on "The Home in the Training of the Child." Conditions in New England homes two hundred years ago where the climate was hard, the soil was hard, living was hard, and religion was hard, were compared with conditions that exist now. The address claimed the undivided attention of the mothers present.

The picture was given to the seventh grade for the coming month. It was decided to purchase a piece of statuary for the smaller grades as a prize for having the largest number of parents present at the meetings.

A committee was appointed to see about purchasing some playground apparatus for the smaller children.

No further business to come before the meeting, it was turned over to Mrs. W. C. Crawford, leader in the subject: "Hereditry and Physical Education." For scripture lesson, Mrs. Crawford read the Shepherd's Psalm, dividing it into six parts with a meaning for each part as follows:

Possession, Position, Promise, Progress, Provisions, Prospect.

Some instructive and entertaining literature on Hereditry and Physical Culture was read by the different ladies present.

The next regular meeting will be omitted, the teachers' reception taking its place.

### LOS ANGELES PRODUCE MARKET

Although flour prices remain untouched, local millers have raised their quotations on practically all feeds 5 to 10 cents a hundred pounds. The price for all grades of flour is following closely the fluctuations in the primary wheat market, and anything in the way of an advance there is almost sure to result in higher prices for flour here. As a matter of fact, eastern grades of flour are very strong at present, and an advance all along the line in the next few days would not occasion surprise, even if the primary market should not go higher. Talk of an embargo on wheat exports is again being revived.

There was no activity on the Produce Exchange yesterday morning, and prices for the chief staples remained the same as the day before.

### CURRENT PRICES

The following market prices on country and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.

## JUDGE PLACES TWO DIVORCES ON THE ROCKS

Agreement to Drop Fight If Alimony Not Demanded Concerned In Hearing

Scrutiny into two divorce actions in Judge Thomas' court may result in the disappointment of two sets of litigants. Neither divorce may be granted.

For collusion, Judge Thomas held up a decree in the case of Nellie Murel Martin against Alfred Martin. A few weeks ago a case was brought here, the wife alleging cruelty, but upon the motion of the defendant the case was removed to Fresno county.

Later a new complaint appeared in the court here, and yesterday Mrs. Martin and a Los Angeles attorney were on hand to make proof, the defendant not appearing.

Judge Thomas wanted to know why Martin had dropped his opposition to the proceedings, and Mrs. Martin said that after the case was ordered transferred to Fresno, Martin agreed to let his wife have the divorce if she did not ask for alimony. Upon that agreement the new case was brought here, and Martin defaulted.

Judge Thomas ordered that Martin be brought into court on November 15, that he may be questioned as to the agreement he reached in order to allow a divorce to be secured.

### Another Tangle

Another divorce case with twists and turns in it developed in the hearing of a juvenile case. Recently V. A. Rios of Fullerton got a divorce from Carmelita Rios on the ground of desertion, and Rios was awarded the custody of four children, the mother to be allowed to see the children at intervals. It was reported to the court that

## MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts It Back Hurts or Bladder Bothers

—We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

## AUTO MORTGAGE BRINGS CHARGE OF A FELONY

Harold McMillan Is Accused Of Crime By Santa Ana Garage Man

J. E. Pierce of the Santa Ana Vulcanizing, Ignition and Supply Company, has sworn to a complaint charging Harold McMillan, formerly of Trabuco, with a felony, briefly, that McMillan took away an automobile upon which the company held a mortgage. McMillan farmed in the Trabuco for a number of years. Recently he went to Arizona. The complaint states that the company had a mortgage upon the automobile, which was part security for a note for \$245.

## SUGAR MILL WILL CLOSE ONE WEEK FROM TODAY

The big sugar mill of the Santa Ana Sugar Company will close down on the season's grind one week from today, after a most successful run. Approximately 100,000 tons of beets will have been sliced during the season when the big knives cease to turn, and thousands of dollars will have been paid out to help.

That part of the beet which puts on the finishing touches will probably remain in operation two or three days after beet slicing is stopped.
